ALSOs Mission

September 24, 1945.

Dr. S. A. Goudsmit,

ALSOs Mission.

Dear Dr. Goudsmit:-

I have done my best to put the papers in my charge into order. The indices which I have prepared are in the hands of Miss Milne. Of course, I have barely scratched ~~xx~~ the surface of what there is to be done. The files have been so badly mangled that it would take weeks of work to get them in proper order.

If this is ever done, I hope to be permitted to have a hand in the work. I have, on various occasions, expressed to you my opinion that the Osenberg and RFR files are documents of very considerable historical and cultural importance quite apart from any scientific value they may possess. It would, I think, be very unfortunate if these files were to be left to moulder in some inaccessible government archive. In their present condition, they are scarcely usable but with a month or two of attention they could be turned into a most valuable record. It is my intention to express this opinion to the Office of Field Service when I reach Washington, and to request that, if any positive action is taken in the matter, I be allowed to assist.

I regret that I shall not see you again before I leave for England, and I take this occasion to thank you for the many kindnesses which you have shown me. Wishing you a pleasant and safe return, I am,

Sincerely yours

James K. Scurie.

ALSOS MISSION

MEMORANDUM

TO: S.A. Goudsmit  
Scientific Chief  
ALSOS Mission.

I arrived in Paris on July 15th, 1945 and was on duty at the office of the ALSOS Mission in Neuilly from that date until September 26th, 1945 when I left for England. I was occupied with the task of putting in order the various files of documents of the ALSOS Mission, particularly the files of the Reichsforschungsrat (RFR). The tangible results of this work appear in the various indexes to the files, which I have prepared.

JAMES K. SENIOR  
Scientific Consultant
